

# **PRAY FOR THE BODY OF CHRIST**

By Sherry Cumby

We choose life and deliverance in the name of Jesus Christ.

## **Pray for:**

- Courage to speak out for Christ...but with humility and understanding of God's grace.
- Wisdom as to how to pray...and do it with God's approval and authority.
- Knowledge of what our enemy looks like...and how to deal with them.
- Strength to love when loving is hard.
- Setting the example as to praying for our country, families, and moral stability.
- Living our lives like Christ desires us to live them...
- Those you know who need prayer today!

## **Prayer:**

**Dear Father, I thank You that we are not appointed to wrath and that we have nothing to fear, because You are with us. I lift up the issue of terrorism, both at home and abroad, and I pray in Jesus' name that Your great ability to save, protect and deliver would come to light in the body of Christ and in the world.**

**Father, I remember the great deliverance You afforded Moses and the children of Israel so they could escape from the Egyptians unharmed. I know that because You did that for the seed of Abraham, You will do it because we are under the blood covenant. You are a good God...not just back then...but you are the same**

**yesterday, today and forever...therefore you will do the good thing for us in light of our failures.**

**We choose life and deliverance in the name of Jesus Christ. I thank You for the angels who have charge over my life, who protect me and keep me in all my endeavors.**

**In Jesus' name, Amen.**
